

INDOOR FIXTURES

CONNECTED SOLUTIONS. SERVICE. SIMPLICITY.

EiKO.COM

INDOOR LIGHTING, SIMPLIFIED.

Lower energy bills. Reduced maintenance time and cost. Enhanced lighting control. Increased productivity and comfort. These are a few of the benefits of switching from conventional lighting systems to LED.

EiKO carries a broad range of indoor LED lighting fixtures. Whether replacing traditional lighting or installing in a new facility, EiKO provides the solutions for your indoor lighting needs with slim panels, volumetric troffers, linear strips, commercial downlight retrofits and more.

Available PowerSet and FieldCCeT features allow for multiple "set and forget" lumen or CCT stops in each fixture.

Surface Mount

BLP : BACKLIT PANEL

LED Backlit Panels provide a low-profile, value-engineered solution for general purpose lighting in offices, retail, schools, and more.

STR : LINEAR STRIP

STR Linear Strips are compact, efficient strip lights whose narrow width and low profile make them an ideal choice for size-restricted applications.

SLM : SLIM PANEL

SLM Slim Panels feature edge-lit design for uniform illumination, and are available in 1'x4', 2'x2', and 2'x4' configurations.

VOL : VOLUMETRIC TROFFER

VOL Volumetric Troffers are architectural recessed luminaires that provide both direct and indirect illumination, for visual comfort with minimal glare.

LW : LINEAR WRAP

LLW Linear Wraps are 4' utility wrap fixtures, featuring a full-length wrap-around U-shaped prismatic acrylic lens.

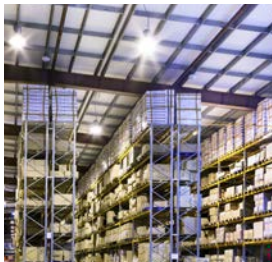

LLH : LINEAR HIGH BAY

LLH Linear High Bays are solid state LED solutions for high bay and low bay applications, replacing high watt HID fixtures and multi-lamp fluorescent luminaires.

BAY : ROUND HIGH BAY

BAY Round High Bays are energy-efficient alternatives to traditional high bay lighting, providing one-for-one replacement of high watt HID fixtures.

DOWNLIGHT : RECESSED AND SURFACE

Downlights are easy to install and provide comfortable, diffused light. In recessed and surface mount options and a range of common sizes.

VAN : VANITY LIGHT

VAN Lenexa Vanity Lights are stylish, durable, and efficient lights in 2', 3', and 4' sizes perfect for hospitality applications.

CYLINDER : WALL AND SURFACE MOUNT

CYLINDER Lights come in Wall Sconce and Surface Mount styles and provide comfortable diffused light.
